1 Introduction

This section introduces the field and the task of this project, the motivation behind the task and the choice of methods, a brief description of the experiments and results.

An example of using bullet points, in case it is needed.

- Text 1
- Text 2

2 Related Work

An example of how to insert references in the article [1].

3 Methodology

Introduce the machine learning technique(s) or the algorithm(s) used in the project.

An example of inserting figures. Position and width of the figure can be adjusted as needed.

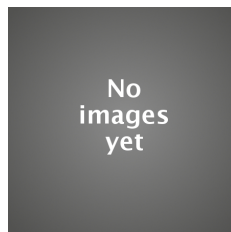

Figure 1: Brief description of the figure.

4 Implementation

Introduce the data used in the experiments, the setup of the experiments, and the results and/or comparisons.

An example of inserting tables. Position of the table can be adjusted as needed.

1	2	3
4	5	6
7	8	9

Table 1: Brief description of the table.

5 Conclusion

Conclude the whole project in short text.
